Do Not Call Policy

The Do Not Call Register has been established by the Australian Government in response to increasing community concern about the growth in unsolicited telemarketing calls.

We respect your privacy and if you are registered on the Do Not Call Register, we will not contact you unless you are a Intelico customer or have specifically expressed interest in Intelico products and services.

Should you wish for Intelico not to contact you, you can request your number to be removed either in writing or by contacting our Customer Care team on 1300 786 004. Please note you will need to specify each service number should you have multiple lines

Please allow 30 days for your requested numbers to be removed from our database.
